

SETUP

Select the desired problem types

- ☒ Given a charge's velocity and the magnetic field, find the magnetic force.
- ☐ Given a charge's velocity and the magnetic force acting on it, find the magnetic field.
- ☐ Given the magnetic field and the magnetic force acting on a charge, find the velocity.
- ☐ Given the electric field, find the electric force acting on the charge.
- ☐ Given the electric force acting on the charge, find the electric field.
